4132 Peters Road, Harvey, LA 70058**

**Reserved Table of 6, \$195
Members \$30
RSVP online or contact the office, 367-1721**

Avondale Shipyard deal was announced October 4th.

Plans to restore the 254 acre property; fabrication sheds, cranes, docks, warehouse and office space along with rail access and over a mile of river frontage. The UNO Maritime Center was not a part of the sale.

Purchased from Huntington Ingalls Industries to Avondale Marine, a joint venture of T.Parker Host (Norfolk, VA) and Hilco Global (Northbrook, IL). See Bethlehem Steel outside of Baltimore for a project comparison. New owners vision is to make the site a multi-modal global logistics hub by taking break bulk cargo deliveries at the site, have a value added to the cargo in some way, and send it back out by waterway, rail, or truck.
